## PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year? To rid the pesky bedbug, you can readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs, roaches, fleas and ants is to use the new discovery

Pesky Devils Quietus "P. D. Q." A 3c package of P. D. Q. makes a quart, enough to kill a million bedbugs, roaches, fleas and ants and at the same time destroy their eggs. Impossible for them to exist when P. D. Q. is properly used. Free patent spout in every package to get the pesky devils in the hard-to-get-at places and save the juice. Special Hospital and Hotel size \$2.50 — makes five gallons of P. D. Q. — your drugist has it or we can get it for you or sent prepaid upon receipt of price by the Owl Chemical Co., Terre Haute, Ind. Success of P. D. Q. has caused imitations; genuine P. D. Q. is never peddled.

MYSTIC INDIAN SEER  
POPULAR IN ENGLAND

Photo shows Sadhu Sundar Singh, a Sikh by birth, who is to lecture in some of the principal Anglican churches of England.

He is living with the famous Cowley Fathers while in London. He was converted when about sixteen, after going to a small mission school of American Presbyterians.

While traveling through the Nepal he was put in prison and subjected to tortures which normally would have ended his career, but much to the astonishment of his persecutors he survived. It evidently filled him with superstitious dread. There are numerous instances of the sadly being wonderfully delivered from difficulties and dangers. He travels without money, bag or baggage and he does not seek money. He does not represent any society or any cause.

TWO GIRLS ESCAPE FROM  
AUBURN WOMEN'S PRISON

Auburn, May 9.—The first successful escape from Auburn prison for women was effected today by Mary Smith, 22, and Irene Wiley, 24, of New York, who broke from their cells and let themselves to the ground with a rope made from blankets obtained in the blanket shop. Mary Smith was serving a sentence of five to ten years for shooting a man in New York, and Irene Wiley was serving from five to nine and one-half years for grand larceny.

The women were in their cells at 11 o'clock last night, prison officials said. Their absence was discovered this morning. The Wiley girl escaped, they said, through the transom of her cell door. The lock of the cell occupied by the other woman was broken, the officials believe, by the efforts of both girls.

Syracuse, May 9.—Mary Smith and Irene Wiley, who escaped from the women's prison in Auburn yesterday, were captured here tonight. Officers are on their way here from Auburn to take the women back to prison.

MARKET DULL AND  
HEAVY NEAR CLOSE

Trading Again Lacks Element of Bullish Leadership, Save for Operation of Pools

New York, May 10.—The stock market was moderately active and strong at the outset of today's dealings, scoring additional gains before noon, but lapsed into a dull and heavy tone long before the close.

Early improvement was generally ascribed to the stronger bank position disclosed by last Saturday's statements of the clearing house association and local Federal Reserve bank. Other week-end advices also seemed encouraging to the constructive side of the market.

As the session progressed, it became evident that trading again lacked the element of bullish leadership, save for the operation of pools. With the first indications of pressure, prices fell away as easily as they had arisen.

Traders were not in accord regarding latest aspects of the Mexican situation, this conflict of opinion finding reflection in the heaviness of Mexican Oil as against the relative strength of European issues, notably Royal Dutch, which made a new high record.

Oils dominated the day as a group, however, their activity being based upon favorable trade conditions. An advance of 1½ cents per gallon was announced by one of the largest refiners, while producers in the middle west ordered another upward revision of prices for crude and refined products.

The April tonnage report of the United States Steel corporation, bringing the total of unfilled orders to the highest figure since August of 1917, failed to stimulate a demand for steel shares. Other industrials probably were adversely affected by heavy cancellation of orders for textiles, due not so much to the strike, it was declared, as to a reaction in the trade.

Call money was freely offered at 7 per cent, going to 8 on an unexpectedly large demand in the last hour, but closing at the lower quotation.

Bonds were irregular and featureless, aside from their easier trend, this also applying to Liberty issues. Old United States bonds were unchanged on call.

Catarrh Gone  
In Seven Days

Thousands have hailed Goldine No. 2 as the best catarrh remedy in the world. Persons who have suffered with this disagreeable ailment for many long years, who have tried dozens of medicines without help, have found that Goldine, the herb remedy, was the only medicine they found that could give them relief. Here is one of the thousands of cases which Goldine No. 2 has helped:  
Mr. Alvin Allen of 607 Second Avenue, North Troy, N. Y., wrote after a bottle of Goldine No. 2 on January 24th. He didn't have much faith, but would try anything to rid himself of catarrh. Seven days later he returned to the store and said: "I have suffered with catarrh for six years and had about given up hope of getting rid of it, for nothing helped me. A week ago, I got a bottle of Goldine No. 2. The first three days I took Goldine, I felt worse, but I knew that the medicine was working. Then the mucus began to leave my head in great chunks and since then I have felt fine. I sleep, eat and feel better than I have in months and I am more free from catarrh than I have been in years."  
Do you suffer from catarrh? Why not follow Mr. Allen's example and get a bottle of Goldine No. 2? Don't put it off. Just think, a week from today you will probably be rid of the disease. If you start treatment now, every day you put off getting Goldine, you are putting off your relief from catarrh.  
Goldine is sold in your city at Slide's Drug Store. Remember, Goldine No. 2 for catarrh.

## OTSEGO COUNTY NEWS

## PORTLANDVILLE LECTURES.

Dr. Dunlap to Speak Tonight and Dr. Musser Thursday.

Portlandville, May 10. — On Tuesday evening, Dr. Dunlap will give an illustrated lecture at the Methodist Episcopal church. — On Thursday evening, following the regular prayer meeting, Dr. Musser will lecture on missions, with illustrations by stereoscopic views.

## Minor Mention.

Married and Mrs. Laura Allen and nephew, Stuart Merendale, of Cooperstown, were recent guests of their sister, Mrs. DeLong. — The sewing circle of the Methodist Episcopal church was entertained by Mrs. Robert Brown on Thursday afternoon. — Miss Ida Lane, who has been in Meridale since last November, returned to her home here Thursday. — Mrs. James Colwell and son and Mrs. John Allen, all of New Hartford, are visiting friends here for a few days. — Arthur Gardner and Bertram of Mt. Vision were at E. J. Junt's last Friday. — Mrs. Cora Allison returned last week from Mt. Vision, where she had spent some time caring for her aunt, Mrs. Lucy Prude, who has been confined to her home for several months suffering with a severe attack of rheumatism. — DeWitt Deuel of Otego was calling on friends here Sunday, having visited his father at Milford Center Saturday night. — Mr. and Mrs. T. F. Manning, Miss Anna Manning and M. S. Perrine and grandson, all of Oneonta, were guests of W. L. Wellman Sunday afternoon.

## CHARLES M. CONKLIN DEAD.

Respected Farmer Passes Away at Home in Otego of Bright's Disease.

Otego, May 10. — Charles M. Conklin, nearly a life-long resident of this vicinity and well-known throughout the county, died at his home in this village at 11:30 last night, after over a month's illness of Bright's disease. Private funeral services will be held at the home at a time yet undecided. Rev. C. C. Volz, pastor of the local Methodist church, will officiate, and

burial will be in the Oneonta Plains cemetery.

Mr. Conklin was born 57 years ago in Jefferson, but moved to this vicinity when a small boy and had since been here most of the time. He was a son of Chauncey M. and Elizabeth Conklin and was married on Oct. 7, 1884, to Elizabeth Hudson, who passed away six years ago. Three years ago, Mr. Conklin married Mrs. Ora Faucher, who, together with two children, Chauncey and Ariana Conklin, two step children, Nina and Clarence Faucher, three sisters, Mrs. Fred Lull of Lincoln, D. I., Mrs. Wesley Osterhout of Oneonta and Mrs. Jennie Osterhout of Otego; and one brother, Joseph Conklin of Oneonta, survives him.

Mr. Conklin was a man highly thought of by all who knew him, and his death will bring sorrow to many. He was a successful farmer, active in community life, and was always ready and willing to lend his support to any good cause. He was a member of the Otego Methodist church, and of the Otego grange, Masons and Odd Fellows. In all of these organizations his presence will be missed, and the community will unite in extending sympathy to the bereaved relatives.

## Correction.

In the Baptist church notes published in the last issue, it was stated that \$10.20 had been raised for the New World movement and that \$2.25 had been added. This should have read \$1,920 reported and \$225 added.

## MILFORD MONITOR.

Mothers' Day Observed—Alumni Association to Give Banquet.

Milford, May 10.—Sunday was observed as Mothers' Day at the Methodist Episcopal church with the service well attended. At the morning service, Rev. N. B. Ripley preached a very appropriate Mothers' Day sermon and a duet was rendered by Mr. Ripley and Charles Bates. Special music was rendered by the choir at both the morning and evening service.

Alumni Association to Hold Banquet.

The Alumni association of the Milford High school held a meeting at

the school building last Thursday evening, when it was decided to hold a banquet this year in honor of the graduating class. The banquet will be served by the Ladies' Aid society of the Presbyterian church at the church parlors on Friday evening, June 25.

## Improvement Meeting.

The regular May meeting of the Milford Village Improvement society was held last Friday afternoon at the home of Mrs. W. H. Seiber. Plans were discussed at this time for a card party to be held at the home of Mrs. G. D. Culver the first Friday in June. The annual election of officers will be held at the June meeting.

## Supplying at Guilford.

R. J. W. Bump departed Saturday for Guilford, where he preached Sunday at the Presbyterian church. Mr. Bump will supply this charge for the present.

## WEST ONEONTA LETTER.

T. E. Yager and Son Open Blacksmith Shop—Local Mention.

West Oneonta, May 10.—The West Oneonta blacksmith shop, which has been closed for the past seven weeks, was reopened this morning. The new blacksmiths are T. E. Yager and son of Oneonta. The owner of the shop, Mr. Cryden, has been seriously ill for the past two months and his condition does not improve as fast as his many friends wish.

## New Station Agent.

M. and Mrs. A. I. Boyce of Oneonta have moved into the rooms at the hotel station. Mr. Boyce is the new station agent succeeding Charles H. White, who recently moved to Oneonta.

## Local Mention.

Mr. and Mrs. George Cryden and son, Claude, spent Sunday with relatives at Otego. — Miss Elizabeth Jenks gave a week-end house party to a company of young ladies from Oneonta. — Mr. and Mrs. Herbert Culver, who have been spending the winter here, leave Tuesday morning for their home at Portland, Oregon. — Mrs. Edward Francis recently visited her daughter at Currtown. — Miss Marion King is spending two weeks with Mrs. Kendall Dunn at Oneonta.

## DEATH OF VERNON SCOTT.

Sidney Center Farmer Had Been in Failing Health Four Years.

Unadilla, May 10. — Vernon Scott died at his home near Sidney Center this morning at about 2:30. Mr. Scott had been in failing health for the past four years and this winter had an attack of influenza, from which he never wholly recovered. The deceased and his wife moved on the farm where he died about 20 years ago and made many friends in that locality. He was a member of the Youngs Methodist Episcopal church. Besides his widow, he is survived by one sister, Mrs. George Shaver, of Unadilla. The funeral will be held from the residence Wednesday, at 1 p. m., standard time.

## Attend Funeral at Delhi.

Mr. and Mrs. Fred Hunt left for Delhi this morning to attend the fun-

eral of Mrs. Hunt's sister, Mrs. Bell Elliot Payne, wife of James Payne. Mrs. Payne was the mother of Raymond Payne, who a few years ago ran a poultry and rabbit farm near this village.

## Personals.

Mrs. Yale Lyon and Mrs. Florence North Wright left for Cooperstown this morning. — Mrs. Ruth Shepherd of Binghamton was the guest of Mr. and Mrs. F. S. Day over Sunday. — Mrs. D. W. Conrad and Miss Doland were visitors in Oneonta Sunday. — Harry Sargent of Binghamton visited his parents on Bridge street over the week-end.

## LAURENS NEWS LETTER.

Cemetery Association Meets Tomorrow—Mrs. Gardner's Eye Removed.

Laurens, May 10. — The Ladies' cemetery association, and others interested will meet with Mrs. W. H. Widger Wednesday evening to plan for the dinner for Decoration day, and to appoint a committee to transact any other necessary business.

## Correction.

The item in the last news letter announcing the Pixley wedding should have read "Carl Pixley" instead of Paul. At present the couple are making their home with their parents, Mr. and Mrs. John Pixley.

## Has Eye Removed.

Saturday afternoon, Dr. Brown of Oneonta came to Laurens, where he performed an operation on Mrs. Saphrona Gardner, removing one of her eyes which has been giving her a great deal of trouble since her serious illness a short time ago. Her many friends will be gratified to learn the operation was successful and Mrs. Gardner is resting comfortably.

## MATTERS IN MARYLAND.

Maryland, May 10.—Edward Van Leuven and Wesley Hoyt were elected trustees for a three-year term at the annual school meeting last Tuesday evening. — At the school supper last Friday evening, \$12.50 was realized. This fund will be invested in library books for the school. — J. H. Odell has opened an ice cream parlor. — The academy has been compelled to temporarily discontinue its operations on account of the shortage of coal. — The Ladies' Aid society of the Lutheran church will meet with Mrs. Lizzie Burdick on Thursday evening at 7:30. — W. W. Spencer has reforested his side-hill, east of the school house, with pine. — Mr. and Mrs. Grant Winnie of Schenectady were guests of Channing Spencer and family last Sunday. — Mrs. Fred Rice, Mrs. Edward Van Leuven, Mrs. Lizzie Burdick and Mrs. L. G. Southworth were guests of Mrs. A. E. Pixley at Unadilla on Monday.

## THE WEEK AT MIDDLEFIELD.

Middlefield, May 10. — The Ladies' Auxiliary society of the Methodist church will serve a supper in the dining room of the church on Friday afternoon from 5 o'clock until all are served. — Mrs. Albert Clearwater of Roseboom is spending a few days with friends in town. — Mrs. M. E. Hicks and sister, Mrs. Chapin, who have been spending the winter in Worcester, returned to their home here last week. — Dr. Musser of New York will be at the Methodist church next Sunday afternoon at 2:30 to speak on the Centenary movement. Sunday school at 1 o'clock, instead of usual hour. — Miss Maude Hanson spent Sunday with friends in Oneonta. — Misses Edith Gulchrist and Emily Spraker of Cooperstown were guests Saturday of Mrs. F. P. Pitts. — Miss Louanna Bowen and sister of Cooperstown spent the week-end with Mrs. James Sides.

## GIVE FINE PERFORMANCE.

Chicago Stock Company Please Large Audiences at Oneonta Theatre.

After an absence of five years, the Chicago Stock company returned to the Oneonta theatre yesterday and made its reappearance in a fast and furious farce of situations and complications, "When the Cat's Away," with stage settings and scenery arranged along metropolitan lines. It was a dramatic treat after a long run of pictures. If the initial performance of this company of capable performers is any criterion, Oneonta theatre-goers have ahead of them a week of pleasing entertainment. In last night's production W. James Beedell in the part of the very jealous husband, was excellent, and Gertrude Shanley as the indiscreet wife of Warren, played her part to perfection. Funniest of all was Edmund Meece as "Bobo Brown," a man at sight of whom all women ran away. At first, however, he was at a total loss to know what to do with them when their watchful husbands found them in his bachelor apartments. Freddie Beaumont as "Tommy," a mischievous, provoked much merriment. Of the other members of the cast, it is sufficient to say they were fully up to the standard.

Today, matinee and evening, the company will offer Maude Fulton's charming comedy, "The Best." This is a pleasing story of a poor little rag-muffin, who danced her way into a millionaire's heart. Wednesday afternoon and evening, Frederick and Fanny Hutton's smart, snappy and amusing comedy of life on Long Island entitled, "Upstairs and Down," will be elaborately produced. "Nothing But Lies," Willie Collier's recent Broadway hit, will be produced Thursday, matinee and night. "A Pair of Silk Stockings," the latest comedy, is scheduled for Friday and on Saturday, two Broadway hits are offered, the matinee attraction, "The Blindness of Youth," the evening, "My Lady's Garter," Jacques Futrelle's success.

The Joyce stores, Unadilla, N. Y., have received their spring stock of strollers and baby carriages, on which they can save you 20 per cent.

Sheldon Lewis to be seen in Dr. Jekyll and Mr. Hyde at This Theatre

On Thursday the special engagement of Pioneer Film Corporation's production of Dr. Jekyll and Mr. Hyde will begin at this theatre. Great interest attends this engagement, inasmuch as John Barrymore and Sheldon Lewis are just now fighting a battle royal for the first honors for the portrayal of this character.

The production has been mounted with pretentious lavishness, and a strong company appears in support of Sheldon Lewis. Great care has been taken in every detail of the presentation of the story, and it is expected to duplicate here the success which it enjoyed during its presentation in New York.

# FLORAL DECORATIONS FOR EVERY OCCASION

The effective arrangement of plants and flowers requires the services of experienced artists, expert in arrangement and harmonizing of color. A man with ideas, and able to carry them out, from a simple table arrangement to the elaborate decoration of church or house for the wedding ceremony. A natural taste, love of flowers, and long experience enable me to offer you a service unsurpassed for floral decorative work of every description.

Mr. James J. deVyver, our superintendent, has the advantage of 22 years' experience in the florists' profession in New York city and vicinity and is prepared to fulfill any commission, large or small. Among other important engagements of Mr. deVyver might be mentioned the entire decoration of the Fifth Avenue Presbyterian church for the Roosevelt-Alexander wedding.

SALVATION ARMY SAVES PAPER.  
In these days of acute shortage of  
paper, and with prices thereof still  
soaring with little reason to believe  
that the top is reached, it will be  
of interest to note that during the  
past year the Salvation Army has  
turned back to the mills no less than  
50,000 tons of waste paper, more than  
half of it high grade magazine paper  
and the rest mixed. Had the Army  
not gathered up this enormous volume  
of paper, much of it again to be man-  
ufactured into newsprint, the paper  
would have been burned or otherwise  
destroyed, and not only the price of  
paper would have been even more in-  
creased, but acres upon acres of tim-  
ber would have been denuded.

The Salvation Army, it would there-  
fore appear, is not only a valuable  
spiritual, but a temporal asset. Or  
rather, its work in the salvaging of  
old paper interlocks with its labors in  
the salvation of souls. For example,  
it is stated that the money raised from  
the sale of baled waste paper now  
maintains 84 industrial homes, in  
which those down and out are given  
employment, taught trades and en-  
abled to get up on their feet again.  
The Salvation Army, says Colonel Par-  
ker, practices both salvage and salva-  
tion, and in the past ten years has  
saved more than three quarters of a  
million tons of paper to the publish-  
ers of the United States.

## STRAW VOTING.

Straw votes are by no means con-  
fined to men with nothing else to do  
on railway trains, who make life mis-  
erable for other passengers who mere-  
ly out of idle curiosity are expected  
to stand and deliver their secret po-  
litical preferences, or even to papers  
like the Literary Digest, which really  
have a definite and commendable pur-  
pose. One of these was taken re-  
cently of the faculty and students of  
Princeton university, and altogether  
1,261 votes were cast. Of these, 581  
were for Herbert Hoover, who evi-  
dently ran better there than in Cali-  
fornia, and General Wood was second  
among Republicans with 44. The real  
interest, however, appears to have  
been among Democratic students, of  
whom eight voted for Woodrow Wil-  
son and 24 for his son-in-law, Mr.  
McAdoo. Neither of these men, how-  
ever, received a very large quota of  
the Democratic vote. As regards  
President Wilson, the vote is more  
significant from the fact that as a  
former president of that institution,  
his vote, instead of being smallest,  
should have been largest.

## HAS NO NOTION OF RESTING.

Miss Mabel Francis Tells Parents of  
Missionary Work in Japan.

Rev. and Mrs. Edward Francis of  
West Oneonta have received an inter-  
esting letter from their daughter, Miss  
Mabel Francis, in which she tells of  
her experiences as a missionary in  
Japan. Miss Francis, who is well  
known about the county, was the  
first missionary to the city of Fuku-  
yama, arriving there ten years ago,  
where she has since been stationed.  
During this period she had been home  
out once, seven years ago. Her broth-  
er, Thomas Francis, referred to in the  
letter, is also a missionary in Japan.  
She is a fervent Christian worker and  
a woman of many fine attributes.  
The letter from Miss Francis, dated  
March 25, but only recently received,  
is in part as follows:

"Your letter written in the midst  
of the big snow storm received. We  
have had an exceptionally warm win-  
ter here. Am glad to say that I have  
been in good health this winter and  
have not felt the cold.  
"I think I wrote you how the spirit  
fell on a young woman here. Well,  
since then she has lost her husband.  
When his voice had failed, he wrote  
with his finger, 'Even I die I do not  
regret it.' 'I am glad to go,' is the  
real meaning, and smilingly, he was  
gone. I am sure this outpouring of  
the spirit is an answer to your pray-  
ers. I wish you could realize more  
fully how blessed it is, that your joy  
might be full.

"Tuesday, Tom came to see me, and  
the following day my native worker,  
Mr. Yama Moto, was ordained. It  
was a very precious service. There  
seems to be a revival all over Japan.  
There is now a great Christian meet-  
ing in Tokyo, which is producing re-  
sults.

"It is blessed to spend and be spent  
for God. He is not like their (the  
heathens') rocks. I have no notion  
of taking a furlough while I am well.  
I must work while I can before my  
own voice becomes silent."

## Dairymen's League Membership.

According to the latest report of  
the secretary, the Dairymen's league  
has 17 local leagues in Connecticut, 4  
in Massachusetts, 50 in New Jersey,  
18 in Vermont, 225 in Pennsylvania  
and 737 in New York—a total of 1,101  
leagues with a total of 2,623 mem-  
bers owning 879,565 cows. Of these  
leagues, 25 with 27,227 cows are in  
Otsego county, 22 with 34,995 cows in  
Chenango, 42 with 41,472 cows in  
Delaware and 15 with 10,876 cows in  
Schoharie.

## THINGS SAID AND PRINTED

Playing the Game by the Rules.

There is less of bitterness and anger  
than there is of compassion in the ac-  
tion of the New York judge who sen-  
tenced to prison James J. Larkin, the  
agitator, who espoused the idea to end  
all government.

There is a well-defined notion  
abroad that the incarceration of those  
who declare such views is a mistake,  
that it curtails freedom of speech,  
that it is contrary to the American  
way.

This is error. Freedom of speech  
does not mean license. Freedom of  
action does not mean license to do  
anything. It is as foreign to our idea  
of government by majority rule to de-  
clare against all government as it  
would be for a man to start a football  
match in the midst of a baseball  
game; it simply is not playing the  
game.—[Schenectady Union-Star.]

## An Italian Rebuke.

The Italian ambassador in publicly  
deploring in a St. Louis speech the  
tendency of American humorists on  
and of the stage to use depreciated  
Italian, French and English exchange  
as the basis of jocular reference, won-  
dered if the joke was not on the Uni-  
ted States after all—if the loss of trade,  
the fading of American influence in  
the markets of Europe and other coun-  
tries, was not too high a price to pay  
for "leaving this great lack of equilib-  
rium to be corrected" in that way.—  
[Syracuse Journal.]

## Mother and Son.

It would seem as though any wo-  
man who had given a man to the Uni-  
ted States had a right to enter with her  
son the country for which he fought.  
Yet we read that the mother of a citi-  
zen of New Jersey who served in  
France with the Twenty-sixth division  
was taken to Ellis Island and detain-  
ed there because she could not pass  
the "literacy test." There was no  
question of her being a charge upon  
the community or a source of evil.  
The incident is simply one more count  
against an indefensible law.—[New  
York Evening Sun.]

## Galluses.

Men's furnishees report a sad de-  
cline in the sale of suspenders. Gal-  
luses have gone. Those pillars of  
propriety have been succeeded by the  
unstable upholder of the world's  
trousers, the leather or near-leather  
belt.

Agriculturists though, still stick to  
a heavy style of galluses. When the  
farmer is working hard with both  
hands full, he doesn't want to think  
that there is any danger of his trou-  
sers slipping. He doesn't want to be  
caught that way. By and large, the  
farmer has about as good judgment  
as the next man.—[Binghamton Sun.]

## Near Neighbors.

Out of a vote of 1,022,870 in Den-  
mark's recent election, the Bolshev-  
ist group polled only 3,507 votes. Den-  
mark is close to soviet Russia. The  
Bolsheviks have carried on an extensive  
propaganda in Denmark. The Danes  
have had opportunity to know what  
the Reds are doing to Russia. They  
want none of it in Denmark.—[Utica  
Observer.]

## Peace Gardens.

The impression grows that peace  
gardens will this year be cultivated  
every bit as intensely as war gardens  
formerly were, and that they will re-  
ceive none the less care because it is a  
personal, rather than a patriotic pur-  
pose that prompts the growing of the  
best crops possible.—[New York  
Tribune.]

## No Wonder.

The paper money of the world has  
increased from \$7,000,000,000 at the  
beginning of the war to \$56,000,000,  
600 at the present time. No wonder  
that the dollar is the only cheap com-  
modity to be had.—[The Sun and  
New York Herald.]

## May Day Party.

A delightful gathering in the form  
of a May day party was held on Fri-  
day evening with Mr. and Mrs. Cornie  
Bristol on South Side, about 60 of  
their friends being in attendance. The  
evening was passed pleasantly in  
music and dancing and later refresh-  
ments were served. The gathering de-  
parted at a late hour vowing that it  
was an enjoyable affair.

## It's the High Cost of Dying in China

A Typical Chinese Monument

The Chinese bury their dead on the  
mountain side where the earth is  
dry and there is less danger of  
floods. The monuments are built  
along the highway to inform the  
public of the great men who have  
lived and died in the neighboring  
villages.

A brief history of the dead man  
serves as an epitaph, and a tortoise  
or dragon, carved into the stone,  
symbolizes eternal life.  
Death is an expensive proposition  
for the Chinaman. Only the leaders  
of community life are honored by  
monuments along the highway. But  
by the time even the average citi-  
zen's funeral expenses for China by  
with numerous pallbearers and  
feasts for the mourners—well, it's  
cheaper to live.

There is an average of one doctor  
to every 400,000 Chinese. So the  
Interchurch World Movement, in  
which America's evangelical bodies  
are cooperating, intends to cut  
down funeral expenses for China by  
opening a large number of new hos-  
pitals and by strengthening existing  
institutions.

### NO COMBINATION SUGAR SALES

State Fair Price Commissioner Stafford of Buffalo, Issues Note of Warning—What Proper Proceeds Are.

A letter received Monday by The Star from James B. Stafford, Fair Price Commissioner for the State of New York, contains the following which will be of interest to grocers of city and vicinity, and which is printed by his request:

"I beg to advise you that this office has received complaints that grocers are insisting upon combination sales in the handling of sugar; that is, requiring the customers to purchase a certain amount of groceries to secure sugar."

"This practice is absolutely forbidden by this department, and a continuance of this policy will be speedily prosecuted by the Department of Justice."

In the same connection, Mr. Stafford issues the following statement relative to sugar prices as effective from this date:

"In view of the fact that the wholesale and retail price of sugar has advanced from 20 to 25c per pound, I wish to announce that a maximum gross margin of profit of 1½c on a pound of sugar to the wholesaler and 1½c a pound to the retailer, above cost delivered at the freight terminal at the point of destination will be allowed."

"It is a well-known fact that the wholesaler and retailer must, due to the increased price to them, invest more capital in the sugar business. Heretofore, the margin of profit allowed has been a maximum gross profit of 1c to the wholesaler and 2c to the retailer."

"It is hereby announced that no combination sales with sugar shall be allowed."

"The averaging of prices of two or more different invoices of sugar shall be permitted."

"These rulings shall be effective immediately for all wholesalers and retail grocers in the state of New York, outside of New York city."

### RECRUITING FOR NAVY.

Traveling Party Leaves for Sidney and Norwich Today—NC-4 Film Here.

The traveling navy recruiting party from Syracuse headquarters, which has been touring this vicinity for the past week, will leave this morning for a several days' trip through Otego, Wells Bridge and Unadilla to Sidney, and thence northward to Norwich. The men making up the party, Chief Gunner's Mate W. E. VanZandt and Boatswain's Mate James W. Robertson, returned late Sunday from the Cooperstown district, where they enlisted two men who will come to Oneonta later in the week to receive further instructions.

It is announced that the navy department's moving picture film of the flight of the NC-4 across the Atlantic will be shown at all performances at the Strand theatre Wednesday. This picture was shown at the Strand a short time ago and was received with such general approval that many requests have been made for its reappearance.

### Freight Claims Committee Meets.

The May meeting of the Freight Claims committee for the Susquehanna division of the D. & H. was held yesterday in the superintendent's rooms in this city. In the absence of Superintendent McNeill, Trainmaster Gargan presided, and many matters of interest in connection with the claims service were considered. Among those in attendance were Freight Claims Agent W. L. Snyder of Albany, Division Freight and Passenger Agent M. V. Beckstedt of Binghamton, Division Car Foreman M. D. Boomhower of this city, and agents Becker of Binghamton, Allen of Cobleskill, Bates of Schenectady, Martin of Cooperstown, and Crockett of Oneonta.

### Week's Vacation with Pay.

Supt. Horn of the Quality Silk mill made the employees quite happy yesterday with the announcement that all employees would be granted a week's vacation the last week in July with pay. The act will certainly be an incentive to present employees to remain on the job.

### Seven-Cent Fare Goes

#### Into Effect Tomorrow

It was announced last night that the Southern New York railway will charge a seven-cent fare on the Oneonta city lines, commencing Wednesday morning, May 12, in accordance with the decision of the Public Service commission recently handed down at Albany.

### MANY OBSERVING NEW TIME.

D. & H. Shops and Division Headquarters Unite in the Change.

Daylight saving is in force in the city to a very large extent and with a minimum of confusion resulting. Of course some were thoughtful about the time under which trains are operated and reached the union station an hour in advance, among them The Star scribe at the evening trains. All took the situation good naturedly and the matter will doubtless adjust itself speedily.

The D. & H. shops in their entirety, and the division headquarters of the company, including the accountant's department, also commenced yesterday the new time card, leaving the operation of the road the only part of the company's activities here on the old time. This seems to be popular among the employees and in fact little complaint was heard.

The stores and business places with few exceptions, if any, readily fell into line and with the schools, also in harmony, there seems no doubt that the change will meet with quite universal approval in the city. The town clock which went on strike Sunday was in line yesterday and will doubtless make no further protest.

### Real Estate Transactions.

George W. Anderson, the real estate dealer, reports the following transactions:

Charles Dykeman has purchased a house on Chestnut street of Seymour G. Camp.

William Benton has sold his house on Fairview street to Walter Harrington, who is making needed improvements, including an enlarged piazza, and expects soon to occupy the residence.

Lynn Beamis has purchased of Robert Thayer a house on Pearl street and has already taken possession.

Mr. Anderson reports that during the past week he has sold five building lots on Telford street to parties who expect to soon begin the construction of residences.

### Co. G To Hold Dance.

Before half the program had been finished at the dance held by Co. G on December 23 many requests were made to the committee to secure a return of Zita's orchestra for another dance. At that time no open dates could be secured but the committee has now secured a return date and a dance will be held at the armory on the evening of May 27. A. R. Zita promises to be present and direct the music. This will insure a pleasant evening for those who attend.

The dance will be conducted in the same manner as have the previous dances held by the company and the invitations will be issued at an early date.

### Births.

Born, May 5th, to Mr. and Mrs. S. G. Knowles, 122 East street, a daughter, Marion Anna.

An 8½-pound son was born at the Fox Memorial hospital at 7 o'clock last evening to Mr. and Mrs. Herbert D. Fletcher of 3 Reynolds avenue. It is interesting to note that Mrs. Fletcher was a Belgian girl, her maiden name being Yvon Kinaid, and that she came as a bride to the States about a year ago, accompanying her husband, who had been a soldier in the A. E. F.

### RECKLESS MOTOR DRIVER

Philip Sabnuk of 14 Parish Avenue Crashes into Car of Herbert Lewis When He Attempts to Pass on the Right Side.

Philip Sabnuk of 14 Parish avenue was fined twice in city court yesterday morning for reckless driving of his motor car and if there be any way that it can be done he should be deprived of his right to operate a motor vehicle on the public highways, his offenses being so flagrant as to justify this action. It will at least be brought to the attention of the state officials. Judge Huntington notified him when arraigned that he should be inclined to so recommend. At about 1 o'clock Sunday afternoon he was apprehended for fast driving. It being alleged that he was driving on Chestnut street at fully 40 miles an hour. At about 3:30 o'clock the same evening while Herbert Lewis was driving down Main street near Fifth street Sabnuk came up behind him and although the car of Lewis was not more than four feet from the curb on the right side of the street Sabnuk attempted to pass him on the right side with the result that while Sabnuk mounted the curb his car crashed into the side of the Lewis car. Fortunately it did no serious damage other than to the running board which he will if it be possible to enforce, be compelled to remedy. For this offense he was fined \$25 in city court. Both fines have been paid.

Several other minor cases for violations of city ordinances were before the city court with light sentences imposed. The effort being made to enforce compliance with the law and city ordinances is to be commended as the city must be kept safe for motorists and pedestrians alike.

### Getman Heads Troop 2, Boy Scouts.

At a well-attended meeting of Troop 2, Boy Scouts, held last evening at the Y. M. C. A., Herbert Getman was chosen scoutmaster to succeed Earle Elmore, who has asked to be relieved. Mr. Getman made a brief speech of acceptance, in which he voiced his pleasure at becoming associated with the boys and promised to do his best to make the Oneonta scouts "the best ever." George F. Williamson, scout commissioner, also addressed the boys. Following the meeting, their regular drill and a cracker-eating contest took place.

Col. Frank B. Edwards, who had been at Grove City, Pa., for two or three months on a temporary assignment, was in the city on Saturday while on his way to Norwich university at Northfield, Vt., his regular assignment, where he will resume his duties. The family had remained at Northfield. His visit here was much too short to permit him to call upon all friends.

George I. Wilber left yesterday morning for New York city, where today he will attend the annual meeting of the stockholders of the Delaware & Hudson company, for the election of members of the board of managers. On Wednesday the directors will meet for the election of officers. Mr. Wilber, who is with one exception the director of longest term of service with the company, is chairman of the proxy committee. The senior director of the company is Hon. Chauncey M. Depey.

## ENTERTAINMENT OVER WEEK-END.

The Misses Marjorie Dann, Harriet Wilson, Carol Dean, Elsie Bingham, and Lillian Thompson were entertained over the week-end at the house party given by Miss Elizabeth Jenks at her home near West Oneonta. On Friday evening Miss Jenks entertained fourteen of her friends at a three course dinner party. The dining room was prettily decorated with green and yellow crepe paper and daisies. All pronounced Miss Jenks a delightful hostess.

## Death of Thomas I. Raymond.

Mrs. Zillah VanCleft is in receipt of news of the death of Thomas I. Raymond of South Norwalk, Conn., occurring at his home in that city on Friday last of pneumonia, aged 81 years. Mr. Raymond's wife was formerly Miss Caroline VanCleft, daughter of the late Rev. A. J. VanCleft, D. D., who for several years was a resident of Oneonta. Mrs. Raymond is a sister-in-law of Mrs. VanCleft. The funeral was held Monday afternoon.

## DEATHS.

George K. Schaeffer, formerly of Delhi and for the past year residing between West Oneonta and Laurens, died early Monday morning after a short illness of Brant's disease. He was 70 years of age and is survived by his second wife, formerly Mrs. Mary Myers of Portland, Me., to whom he was married about a year ago, and by two daughters, Mrs. S. D. Revy of West Oneonta and Mrs. Lizzie Elder, of Delhi, also by one brother, Joseph Schaeffer of Walton, a sister, Mrs. Mary Wilson of Baltimore, Md., and three grandchildren. He was a respected citizen and for many years a member of the Presbyterian church.

Funeral services at the home of the deceased at 11 a. m. on Thursday, with Rev. H. B. Cook of Mt. Vernon officiating. The body will be taken to Delhi, where the funeral will be held in the Presbyterian church. Rev. Dr. J. H. Johnson will officiate and burial will be in Woodland cemetery.

## OBITUARY.

James B. VanSlyke, brief notice of whose death appeared in The Star of Monday morning, died at 8 p. m. on Sunday at the Fox Memorial hospital in this city, of which institution he had for over 200 days been an inmate. Death was caused by cancer of the face. During his long illness he was a great sufferer, but throughout bore his afflictions with infinite patience. The body was removed Monday morning to his home in Laurens, where the funeral will be held at 2 p. m. on Wednesday, with burial in the Laurens cemetery.

The deceased was born in Laurens 62 years ago last March 15. He was a carpenter by trade and was well known and much liked throughout the Oregon valley. He is survived by two brothers, Albert and George VanSlyke, a niece, Miss Adelaide VanSlyke, and a nephew, James H. VanSlyke, all of Laurens. He was a member of the Laurens lodge of Masons.

# How Can They Do It?

## This Is The Question Many People Ask About The Mathews Co.

To sell high grade clothes at such reasonable prices, on liberal terms, in these trying times, seems unbelievable.

## Yet—The Mathews Co., Does This

It is because our New York Buying Office is always ready on the spot to take advantage of every opportunity the market affords in obtaining desirable merchandise at low cost.

It is because we have faith in the honesty of people, and earnestly believe that everybody is anxious to discharge their obligations satisfactorily.

It is because the present unsettled conditions warrant such an economic and helpful method of selling; and thrift-loving people realize the advantage they gain by a charge account in this modern store.

# BARONESS BEGS U. S. CITIZENSHIP

Former Miss de Haven, Wife of Baron von Alten, Seeks Special Act.

## CASTS OFF HER CHILDREN

Will Recognize Them Only When They Quit Germany—In Danger of Becoming Destitute—\$15,000 a Year Involved.

New York.—Congress, through the passage of a special act, will shortly be asked to restore to citizenship the Baroness Augusta Louise de Haven-Alten, the former Miss de Haven of New York, who in 1883 married the Baron Eberhard von Alten, a German officer. Caught in Budapest when the revolution broke out in February of last year, the baroness, who is now known as Mrs. Louise de Haven, was forced to flee to Vienna as a German refugee, and after many vicissitudes reached Switzerland practically destitute. On money borrowed from a professor in Geneva, a childhood friend, she reached New York several weeks ago.

The question of the restoration of Mrs. de Haven to citizenship was taken up by the house committee on immigration and naturalization, and she recently appeared before the committee and told her life story. Under German law her personal property has passed into the custody of her husband and her interests in a trust fund created by her grandmother, who was the widow of Admiral Abraham Biddle, U. S. N., was seized by the enemy alien property custodian. Her attorney, Walter Bruce Howe of Washington, told the committee that Mrs. de Haven was "inevitably and rapidly approaching destitution."

When very young Mrs. de Haven went with her father to live in Switzerland and was brought up near Geneva. On her nineteenth birthday she married Baron von Alten and went to live in Germany. She had two daughters, who are now married and living in that country.

"My married life was not happy," Mrs. de Haven told the committee. In 1910 she entered into a formal separation agreement with her husband. In 1911, she said, she left Germany and has never seen her husband since.

Her funds here seized. Two years later she again brought suit. This time she charged her husband with misconduct. The war suspended all proceedings, for the law would not allow litigation against an officer on active duty.

Mrs. de Haven's interest in the trust fund of her grandmother, Mr. Louise Biddle, was \$15,000 a year, and this amount was paid by the Northern Trust company of Chicago until the alien property custodian took charge of the funds.

"About February, 1919, riots and revolution broke out in Budapest," Mrs. de Haven told the committee. "On the day of the outbreak an immense mob was resisted by the police near the hotel where I was. After the conflict some 30 dead and many wounded lay in the street near my hotel. The dead were brought into the corridor of the hotel and then the mob came in and seized everything in the dining room that could be eaten or drunk. The disturbance lasted all night."

"In this situation I decided to accept a German passport. I did not go myself to the German authorities to ask for it, but I sent a friend who obtained it for me. Arrangements were made for a train to take the German refugees back to Germany."

Borrowed From Dressmaker. "The train took 24 hours to reach a point on the outskirts of Vienna. The Germans went on toward Germany. I got off in the railroad yard. All I had with me was two small handbags. I had nothing to eat or drink on the train."

Because she sided with Germany in the war Mrs. de Haven said she broke off relations with her children. She added in her declaration that she would recognize them only when they came to this country and became citizens.

"It is certain," she continued, "that unless relief by special act of congress in restoring me to citizenship is speedily afforded I shall be penniless and in dire want before I can regain my citizenship through the operation of the suit for divorce. Of the borrowed money, \$4,000, I brought with me to this country, only about \$3,000 is now left."

Representative Isaac Siegel questioned Mrs. de Haven regarding her use of a passport as a German subject when traveling out of Austria. The use of a German passport, she said, was against all her instincts, but there was no other way for her to get out of Budapest. She used such a passport, she said, on the advice of Colonel Tates.

"My only wish is to become an American, to live over here, and, if possible, to have money to live on. I am not well enough to go to work. That is all I wish. I do not care whether I get my German money or not. All I wish is to become an American, a good American."

Never Alone. The man who lives under an habitual sense of the divine presence keeps up a perpetual warfare of temper, and enjoys every moment of the satisfaction of thinking himself in company with his dearest and best of friends. The time never lies heavy upon him; it is impossible for him to be alone.—Joseph Addison.

Tip to Contractors. Knoxville, Tenn.—Workmen digging to put in a concrete floor at the Old East Tennessee brewery struck a barrel which rattled with beer bottles. The men did a half day's work in 30 minutes rescuing the barrel.

# MISS ANITA POLLITZER

Miss Anita Pollitzer of Charleston, S. C., who has just been made secretary of the legislative committee of the National Woman's party, is twenty-five years old, the youngest of the party's officers. She is said to have a wider acquaintance with members of congress, however, than any other young woman in the country. Her job has been filling up congressional pressure wherever possible on legislatures "back home." She is now devoting particular attention to Washington, the only state which has not acted on the suffrage amendment.

## TEACHES BOYS TO MAKE STEAMERS

Baptist Missionary in Burma Develops Unique Industry—Government Helps in Education.

"On the road to Mandalay, where the old British steam launches built by the Burmese boys of a Baptist Mission school are now making frequent trips and the profits from their sale to the natives are helping in the establishment of practical industrial education in that country."

The Rev. Dr. C. A. Nichols is the man that is directly responsible for this industrial development. In fact, Burma, on the actual soil of old England, even though as Kipling says, "there ain't no buses runnin' from the bank to Mandalay," he secured a sawmill.

It was in Baseline, one of the towns grouped about the numerous mouths of the Irrawaddy, that the enterprise was begun. The Irrawaddy is the very river upon which Mandalay is built and up which "the old British" made its way from Rangoon. Rev. Dr. Nichols went to work as a Baptist missionary among the Sgaw Karens, one of the forty races in cosmopolitan Burma, conducting a missionary school along the standard lines.

One day a British commissioner visiting the school asked why the boys were not taught a trade. Dr. Nichols made the time-honored missionary excuse, lack of funds to purchase equipment.

The commissioner, however, was so well impressed with the progress that the boys were making in their studies that he undertook to put a dozen of them in the government railway shops to study as machinists. Here the boys spent five years learning their trade and during that apprenticeship retained their membership in the mission church. This was the first step in the development of the industrial education idea. The next was the purchase of the sawmill.

Incidentally the Northern Baptist Convention has grasped the significance of Dr. Nichols' idea, and in its New World Movement program includes a project "to establish a trade school at Moulmein and introduce education in the industrial arts, for industrial independence will make for the strength of Christian society in India as in America."

Photograph Alarm Clock. The daily torture of the teller's aural nerve by a strident alarm clock can be avoided in several ways. He may sleep all morning, or he may buy a gentle awaker now on the market. This new alarm clock rings no bell at the rising hour; instead, it starts a phonograph! Think of the delight of being awakened by the strains of "I Don't Care if You Never Come Back," or "Everybody Wants the Key to My Cellar."—Popular Mechanics Magazine.

Writes to Beethoven. A letter addressed to the composer Beethoven was received in Vienna the other day from a woman in the provinces. She wrote she had recently heard some of his music and was anxious to place her daughter under his tuition. The postal authorities delivered the letter at the house in which Beethoven lived and where he died 92 years ago. The concierge said no such man resided there, so the postman sent it to the dead letter office.

## BOSTON STORE

## Swift & Company Does Not Control Its Raw Material

Other industries can buy their raw materials according to need or judgment, and set a selling price. They need manufacture only what they can sell at their price.

Cotton, wool, wheat, lumber, iron, steel, and other non-perishables, can be held either by their producers or their users until needed.

But live stock comes to market every day in fluctuating quantities from scattered sources, wholly uncontrolled and at times without regard to market needs.

An immediate outlet must be found for the perishable products, at whatever price, as only a very small proportion can be stored.

No one can foresee or stipulate what they shall bring; prices must fluctuate from day to day to insure keeping the market clear.

Only the most exacting care of every detail of distribution enables Swift & Company to make the small profit from all sources of a fraction of a cent per pound, necessary for it to continue to obtain capital and maintain operations.

## TURK CAPITAL CUT FROM ASIA

Isolation of Constantinople by British Is Complete.

### MOSLEMS HIGHLY ENRAGED

Food Is Short in War District—2,000,000 Christians in Asia Minor Are Threatened by Massacre—Railway Communication Between Bosphorus and the Interior Has Been Cut Off by British.

Constantinople is as much isolated from Asiatic Turkey as if the Atlantic ocean separated them. Railway communication between the Bosphorus and the interior has been cut off by detachments of British, who burned the large bridge south of Bilejik, after getting out all their Indian troops which had been guarding the line. British headquarters is in Ismid, and the protective area is restricted largely to districts within range of the naval guns.

Anatolia is the source of the food supply of Constantinople and consequently the prices of meat and vegetables have already doubled. The huge profit taking is not checked by the high commissioners, who maintain the fiction that the Turkish government is functioning.

Communications virtually are suspended and the allied newspapers are filled with statements that the Nationalist movement has been clipped in the bud. News which reaches Constantinople through couriers from Anatolia and passengers from the various Black sea and Mediterranean ports does not support such statements. Mustapha Kemal Pasha, the Nationalist leader, has called a congress to meet in Angora, with five representatives for each vilayet. General mobilization has been ordered and all military munitions ordered removed from the sea coast.

### Prepare for Defense.

Definite statements have been made by Mustapha Kemal that he will not recognize the Sultan's orders. At Sivas, Amasia, Tokat, Samsoun and many other places there are trench digging and other preparations for defense. Captain Forbes, the British passport control officer, has been seized at Amasia and taken to Sivas, and it is feared the taking of allied hostages may become general.

The French again have failed to relieve Ainab, and Armenians from Adana are moving, with French permission, upon Hadatin in an effort to relieve the Christians threatened there. A message from Ainab, sent two weeks ago and just received in Constantinople, says that the Moslems will not sell food to 25,000 Armenians there. Turkish leaders who were at Marash have arrived in Ainab and it is feared another great massacre may occur.

The Italians and French are both critical of the allied occupation of Constantinople, which they blame entirely upon the British, and declare that if the 2,000,000 unprotected Christians in Asia Minor are killed by Moslems enraged by the seizure of Constantinople it will be the fault of the British move.

### Uncertainty As to Future.

So far there has been no fighting of any consequence in Thrace, but there is great uncertainty as to what will happen if the French complete their evacuation as planned and the Greeks occupy the region. The French troops are unwilling to fight in Thrace, declaring they will not take territory for the Bulgarians and Greeks.

A delegation of four members of the Turkish chamber are en route to Angora for a conference with Mustapha Kemal. They were allowed to pass by the British passport control and are expected to return here in ten days. The delegation is composed entirely of Nationalists, but they are asserted to be anxious to persuade the Nationalist leaders that the Sultan will not support them and the movement cannot succeed unless modified.

While the British were repairing the bridge near Bilejik, Nationalists directed a heavy machine gun fire upon them, but their aim was so bad that there was only one casualty. After crossing the bridge the British battalions burned it to check the Nationalists, whose game seems to be to force the allied troops to pursue them into the interior and keep up guerilla warfare rather than take the offensive.

### STORE CUTS LIVING COST

Co-Operative Business House Brings Prices Down in Small Place.

A co-operative store, that has been operated less than a year in Florence, S. D., at the end of five months paid each stockholder a \$17 dividend. The store in that time had done a \$64,000 business.

Here are a few specimen prices: Children's shoes, of a brand selling for \$4.75 elsewhere, cost \$3.50 a pair. Pure mixed candles, retailing at 50 cents a pound, 25 cents in this farmers' store.

Fancy cakes and cookies are 14 to 17 cents a pound, 20 to 35 cents in private-owned stores.

Bulk coffee of excellent grade, 35 cents a pound.

Other prices range from 5 to 50 per cent less than prevailing standards.

A manager and three clerks are kept busy.

Missionaries Have Hard Fight, Fighting "flu" in India, where superstition is age-old and sanitation is unknown, was a terrific battle. Baptist medical missionaries report. However, during 1918-1919 their work was recognized to have helped decrease the number of deaths. The Indian method of treatment is to keep the patient awake.

### HELD BACK TIME'S PROGRESS

Announcing Hour of Noon Secondary In Importance to Mexican Servants' Other Duties.

A certain village in northern Mexico did not boast of a town clock. When twelve o'clock arrived the parish priest used to tell his servant to mount the belfry and strike the church bell twelve times, so that the villagers would know that it was high noon.

One of the neighbors, who had a watch, noticed that for some days twelve o'clock had struck a few minutes late. Thinking that perhaps the priest's watch was slow, he asked the mozo (servant) why it was that he had delayed in striking the hour. The mozo answered:

"It is this way: The padecito tells me it is time to strike twelve; but just as I am to start up the ladder the cook tells me to get the tortillas. So I have to go after tortillas, and when I get back and climb the ladder again it makes the noon late."

### One at a Time.

One Saturday afternoon two girl friends and I boarded a crowded street car. We managed to get to the front of the car. As we didn't care to hang to the straps, we held to each other's arms. I was standing next to a seat which was occupied by a man and a woman. The car gave a sudden jerk and I fell into the man's lap, pulling my friends with me, while the man said in a surprised tone, "Never mind pulling the others; one is enough." Everybody roared. O death, where is thy sting!—Chicago Tribune.

## Only One

The Record in Oneonta is a Unique One

If the reader has a "bad back" or any kidney ills and is looking for an effective kidney medicine, better depend on the remedy endorsed by people you know. Doan's Kidney Pills have given satisfaction in such cases. Oneonta citizens testify to this. Here is a case of it:

James M. Dibble, freight conductor, Oneonta, says: "A spell of sickness left my kidneys in a weakened condition. I gave Doan's Kidney Pills a thorough trial and they made my kidneys strong and healthy again. I use Doan's when my kidneys get congested or when I take cold, and they always give me the desired relief."

The above statement was given September 22, 1914, and on August 2, 1915, Mr. Dibble added: "I recommend Doan's Kidney Pills as highly now as I did several years ago."

### HISTORY MERELY A LESSON

Paints Pictures Only That They May Be an Inspiration to Future Generations.

History does not relate for the sake of relating; it does not paint for the sake of painting; it relates and paints the past that it may be a living lesson of the future. It proposes to instruct new generations by the experience of those who have gone before them, by exhibiting to them a faithful picture of great and important events with their causes and their effects, with general designs and particular passions, with the faults and virtues that are found commingled in human things. It teaches the excellence of prudence, courage, and great thoughts profoundly meditated, constantly pursued, and executed with moderation and force. It shows the vanity of immoderate pretensions, the power of wisdom and virtue, the impotence of folly and crime. Thucydides, Polybius, and Tacitus undertake anything rather than procuring new emotions for an idle curiosity or a worn threadbare imagination. They doubtless desire to interest and attract, but more to instruct; they are the avowed masters of statesmen and the preceptors of mankind.—Victor Cousin.

## ADOBE AS BUILDING MATERIAL

Experiments Have Shown, It Is Claimed, Durability of This Old and Inexpensive Material.

Adobe, the oldest-known building material in southern California, is due for a revival, according to John W. Chard, Santa Barbara architect. He asserts that if properly prepared this native material can be used to very considerably cut the cost of building. "Experiments," says Mr. Chard, "have shown that adobe is the least affected by changes of temperature among all the building materials. Tests show that adobe bricks register no more than six degrees difference between February cold and extreme September heat. As a building material it is far stronger than is generally supposed, and develops a compressive strength as high as 400 pounds to the square inch.

"The proper plaster protection will insure an adobe wall against deterioration. Hard cement plaster thoroughly anchored into the walls and treated with an all-mineral water-proofing compound will give adobe walls great durability.

"Adobe is wet soil mixed with straw, cast into molds of required size and left to dry in the sun. As a building material adobe is everlasting, soundproof, nonconductive and fireproof, always of normal temperature, and is cool in summer and warm in winter."—Los Angeles Times.

## PLANT LIFE IS RULED BY LIGHT

U. S. Experts, After Experiments, Advance Principle That Is Revolutionary.

## TEMPERATURE IS NEGLIGIBLE

Flowering and Fruiting Period of Practically Any Plant Can Be Controlled by Lengthening Day by Artificial Light.

Washington, D. C.—Government agricultural experts have discovered that plant life seems to depend on light, rather than temperature, for nourishment and may be controlled by regulating the hours of light and darkness. The principle is revolutionary; but it rests on actual experiments, in which it was demonstrated that plants subjected to alternate periods of light and darkness in carefully determined proportions could be brought to maturity at any time of the year.

"Greenhouse experiments," says an announcement by the department of agriculture, "prove that the flowering and fruiting period of practically any plant can be made to take place at any time of year by darkening the greenhouse in the morning and evening, if the day is too long, or by lengthening the day by artificial light if the day is too short.

Flowers That Bloom in Spring. "Spring flowers and spring crops happen to be spring flowers and spring crops because the days at the season of their flowering and fruiting have the proper number of hours of daylight."

The discovery may be of the highest importance in the future planning of cropping systems for different regions. Eventually it may be found, according to W. W. Garner and H. A. Allard, scientists in the bureau of plant industry, who conducted exhaustive experiments, that the animal organism also is capable of responding to the stimulus of certain day lengths. They believe that the migration of birds may be an illustration, on the ground that direct response to such a stimulus would be more in line with modern biological teachings than theories which assume that birds "go south" as a matter of instinct.

Experiments were conducted with a large variety of plants. It was shown conclusively that too little "sleep," or, in other words too many hours of daylight, would prevent many plants from even reaching the flowering and fruiting stage.

It was found also that plants would not reproduce except when exposed to a favorable length of day, although too much daylight for flowering and fruiting might stimulate profuse vegetative growth. A length of day favorable both to reproduction and growth results in the "ever-bearing" type of fruits.

By employing dark chambers the scientists shortened or lengthened the life cycle of plants and forced some of them to complete two cycles in one season. Violets, which naturally bloom only during the comparatively short days of spring, when covered with light-proof boxes for a time were made to bloom again during the summer. Biloxi soy beans exposed to the light for only five hours a day flowered nearly three months earlier than plants left in the light all day, but attained only about one-eighth of the height.

Temperature's Effect Slight. Temperature appeared to exert no influence in the tests. A striking illustration of the relative unimportance of temperature was given in the fact that plants kept in the dark for a part of the day underwent in midsummer the changes that in nature come in the fall and that, heretofore, have been attributed to lower temperatures. This was true even when the dark houses registered a higher temperature than the outside atmosphere.

"The length of the day," the department's announcement said, "is proved to be the most potent factor in determining the relative proportions between the vegetative and fruiting parts of many crop plants. Indeed, fruiting may be completely suppressed by a day too long or too short. This new principle undoubtedly explains the erratic behavior which has been observed with many crops when they are shifted to different latitudes."

## WAR ROMANCE REVIVED

Couple Who Kissed in 1862 Are Wedded in 1920.

A romance which began in 1862 culminated at Lexington, Ky., in the marriage of Edward F. Haley, a Confederate veteran, and Mrs. Joseph Bales, a wealthy widow. The bride says she is a third cousin of President Wilson. Fifty-eight years ago Haley went from Garrard county to Madison county and kissed his cousin, Mattie Manpin, then a seven-year-old girl, goodbye, and marched away to serve in the Confederate army.

When the war ended the girl often wondered what had become of Cousin Ed, but he did not return.

But one day recently there was a knock at her door and she was greeted by an old man. He explained that he was E. F. Haley, now seventy-four. Their friendship grew, and finally he proposed. Mrs. Bales was at first reluctant, but when Haley returned to the house with a license with both names inscribed on it she agreed to marry him.

## Kisses Were Sacred.

Among old laws against kissing those of Ireland appear to have been the most severe. Banishment was the penalty laid down for kissing another man's wife, either with or without her consent, and the same punishment was enforced for kissing an unmarried woman against her will.

The Great Results that come from the Special Steels in a

# MAXWELL

There is a double advantage in the use of these special steels in a Maxwell.

1.—They eliminate superfluous pounds, lighten the task of the engine, ease the burden on tires, make possible quicker acceleration.

2.—They add strength which insures endurance, dependability, uninterrupted performance, and infrequent repairs.

These special steels make possible the Maxwell construction of great strength combined with light weight.

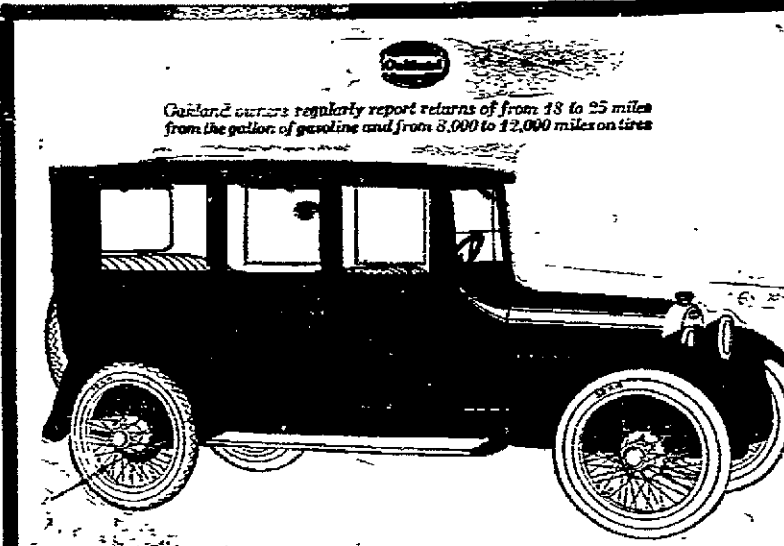

The light weight decreases the burden on the engine and their strength provides endurance.

They have been important factors in the success of Maxwell the world over, in its ever-increasing friendships, in its great growth.

Nearly 400,000 Maxwells are now in use. You cannot motor even in a foreign land, without meeting them.

## CHANGES AT HARTWICK SEM.

Dr. Dietz New Professor of Theology

Dr. Dietz Resigns Chair of Greek

At the annual meeting of the Hartwick Sem. held at the Sem. building in Oneonta, N. Y., on May 10, Dr. Dietz was elected to the position of Professor of Theology and New Testament. He has accepted the call and will begin work with the Sem. in 1921. Dr. Dietz graduated from the Sem. in 1890 and later from the Graduate Theological Seminary. He has held three pastorates since his graduation, one at Rhinebert, the second in California, and the present one in Jersey City.

With the change of the present year, Prof. J. L. Koster, who for 44 years has been a member of the corps of instructors of the Seminary, will retire from active duty, though still retaining his position at that place. He is a graduate of Gettyburg college and the Theological Seminary at that place, was ordained to the Lutheran ministry in 1877, and has to this time been connected with Hartwick Seminary. He was born in Greek, Latin and college mathematics. He has been honored by Gettysburg, his alma mater, with the degree of S. D. and D. D. During his long term of instruction at Hartwick he has won and retained the love and respect of the entire student body. All will wish for him many years of well-earned rest as professor emeritus.

### COURT STILL IN SESSION.

Suit for Alienation of Affections Now on Trial at Delhi.

Delhi, May 10. — It was thought last week that the May term of supreme court for Delaware county might be brought to a close at the week's end. However, it would seem to take on a new lease of life and may continue during all of this week. Many farmer juries are excused and others drawn to take their places from the village of Delhi. Now on trial is the case of Earl Vansor vs Oliver E. Simonson, for alienation of affections. Ives & Craft represent the plaintiff and O'Connor & O'Connor for defendant. Both parties are well known in the vicinity of Grand Gorge and Stamford. It is estimated that 50 witnesses will be sworn.

### Mrs. Paine Dies on Birthday.

Isabella Elliott, wife of James A. Paine, passed away at her home on Main street in this village Sunday evening near midnight. Deceased had been ill for some time but for the last month had gradually failed until the end. Born on the Elliott homestead near Spring Lake, May 28, 1854, she grew to womanhood around the same locality and upon her marriage to Mr. Paine moved to the Paine farm between Delhi and Bloomville, where they resided until a few years ago, then coming to Delhi. Mrs. Paine was a home woman, devoting almost her entire time to her family and household duties which always seemed a joy to her and when at any time she could be of assistance to her neighbors, it was her greatest delight. She leaves to mourn her death a husband, one daughter Edna, the wife of

### PIMPLY? WELL DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

### Origin of the Word Canada.

The word Canada is derived from the Huron-Iroquois Indian word "Kanata," meaning a collection of huts. In Jacques Cartier's time the territory on the north side of the St. Lawrence river, from Hochelaga, now a suburb of Montreal, to the Gulf, was apparently divided into three districts: Hochelaga, Canada and the Saguenay. It is here for the first time we meet the name now borne by the Dominion.

### Old-Time Court Costume.

A court lady in the time of Queen Elizabeth wore a low dress with a long stomacher, an immense ruffle around her neck, a small hat, crinoline, a large fan of ostrich feathers with a mirror attached, highly scented gloves, and frequently a velvet mask. Her feet were shod with pumps of scented Spanish leather, her hair was dyed red in imitation of the royal locks, and her face was painted and rouged.

Among the British men of prominence probably the one who most frequently refused money was Robert Browning, the poet. During the last twenty-five years of his life editors offered large sums for a short poem from his pen. But Browning said "No." He told his friends when they pointed out the unwisdom of this course that he was determined not to thrust his poems down the throats of people; that if they wanted to read him they could buy his books.

Don't Dodge Dog Tax.  
Falmouth, Ky.—This county boasts a 100 per cent dog tax record. There's not a stray dog in the county and the 188 persons listed as delinquent came across quickly when threatened with loss of their hounds.

## MILLER-STRONG DRUG CO.

Established Jan. 1912

The success of the Miller-Strong Drug Co. is due in a large measure to the excellent locations that they have acquired in establishing their stores. They have never in a single instance found it necessary to dispose of a store once established. This is evidence of careful study of economic conditions in the immediate locality of the proposed store.

Additional stores are being opened in Buffalo, Watertown, Erie and Oneonta.

One of the largest drug stores in the state of Pennsylvania will be opened sometime next month at the corner of State street and Twelfth in Erie. This is the third store to be opened by the Miller-Strong Drug Co. in this city.

Every effort is being made to equip a store by June 1st in the Sheldon block, recently purchased by this company, in Watertown, N. Y.

Visitors at Niagara Falls will recall the Empire Hotel at the corner of Falls and Second streets. In this location a modern drug store will be opened by this company in time for the summer business. This store will take the place of the old Niagara Pharmacy, which has held forth in Niagara Falls for many years.

Work will begin on the Union block in this city in a few days, where the twenty-second store of the chain will be opened soon. A new front will be installed, a new floor laid, and the store refitted throughout.

The opening of a new drug store requires considerable time and thoughtful consideration. In the first place the most desirable location must be had. The nature of the equipment of a modern drug store is necessarily more elaborate and more individual than those necessary for the equipment in other lines. The securing of employees for a drug store is more of a problem than one might consider, although along this line it might be said that the Miller-Strong Drug Co. take such steps to interest and advance their assistants that desirable pharmacists are attracted toward the company.

The stability of the drug business is approached by no other line of retail endeavor. Once a drug store is established it generally remains as such over a long period of time.

All of the larger chains of drug stores in the country have been financed by selling shares of their stock to a great many people, and no available record shows anything but distinctive success of the business and increased dividends for stockholders.

It has been the experience of chain stores that the greatest opportunities come as their business grows and their prestige increases. The savings in buying and the savings in overhead add substantially to the net profit of these companies.

Only a few thousand dollars of the 7 per cent preferred stock of the Miller-Strong Drug Co. remains to be sold. Along with this will be sold as long as it lasts a limited amount of common. Holders of the common stock of this company will without question eventually receive large returns from their holdings. One's opportunity to purchase common stock in this company will pass in a few days. Further information at the address below.
